WHITE OAK SCIENCE GATEWAY

July 2022

Why White Oak

- Home of the FDA Headquarters
- Excellent Location and Access:
 - 20 Minutes from Baltimore-Washington International Airport
 - Fast and reliable access to I-95 and I-270 via the Intercounty Connector, MD-200 - Maryland's most modern freeway
 - FLASH - Maryland's first Bus Rapid Transit system.
- VIVA White Oak - 280 Acre site, ready to develop as a World Class Bio and Life Science Mixed-Use Community

White Oak Science Gateway Master Plan Boundary and Location

White Oak Science Gateway Master Plan Vision

- Leverage the consolidated headquarters of the Food and Drug Administration (FDA) at the White Oak Federal Research Center (FRC) to establish life-sciences focused communities that offer more opportunities to live-learn-work-play.
- Redevelop to transform White Oak's major centers from conventional auto dependent suburban shopping centers, business parks and light industrial areas in vibrant, mixed-use, transit served nodes.

Implemented Major Projects

1. Adventist Health Care White Oak Medical Center
2. Hilton Homes2 Suites Hotel
3. FLASH Bus Rapid Transit (BRT)
4. Ride On Route 27 – Hillandale Transit Center to Tech Road Park and Ride

1 - Adventist Health Care White Oak Medical Center

- Project: State of the Art medical facility with 198 private patient rooms
- Status: Opened August 2019

2 - Hilton Home2 Suites Hotel

- New Hotel
- Project: 100 rooms
- Status: Opened 2019

3 - US 29 FLASH - Bus Rapid Transit (BRT)

- New Blue and Orange routes.
- Frequent services with 7.5-minute intervals on US 29, 15 transit priority signals, 40% of the route on exclusive lanes/shoulders during congested periods, queue jumps
- Unique shelters with elevated platforms and pre-pay trips
- Vehicles and shelters with Wi-fi and USB services
- Bikeshare Stations
- Services began October 2020
- New BRT study on New Hampshire Avenue

4 - Ride On Route 27

R New Route Alert!

- Multi-age playground, lighted basketball courts
- High-performance rectangular field with a softball diamond overlay
- Asphalt loop trail and accessible walkways
- Seating areas, installation of site furnishings
- Tree preservation, landscape planting and stormwater management facilities.
- Retention of the recently constructed picnic shelter and associated accessible parking area and the existing tennis courts.
- Expected completion Fall 2023

9 - Viva White Oak

- Public-Private Partnership
- New Bioscience-focused 280-acre mixed-use community where citizens will be able to live, work, learn and play
- Adjacent to the FDA Headquarters with excellent access to BWI international airport and the Intercounty Connector
- 7 million-square-feet of commercial development
- 5,000 residential units
- Preliminary Plan approved
- \$40 Million County contribution to assist the construction of necessary infrastructure

10 - FDA Headquarters

- Existing campus consists of 10 office and 4 laboratory buildings, totaling 3.8 million gross square feet.
- FDA White Oak Master Plan proposes to accommodate an additional 7,000 additional employees by 2035, totaling 18,000 employees.
- New construction of 1.9 million gsf of office space and special/shared use space.

www.fda.gov/about-fda/buildings-and-facilities/white-oak-campus-information

11 - New Tesla Service Center

Tesla has plans for a new 26,000 SF service center on 2320 Broadbirch Drive In the White Oak area, east of Columbia Pike, immediately south of the Home Depot and just north of the Adventist HealthCare White Oak Medical Center.

Transportation Investments

- Flash – First Bus Rapid Transit system in Maryland, connecting the WOSG area to Silver Spring Metro.
- White Oak Transit Center – Services from Flash, Ride-On and WMATA.
- Ride-On Route 27 – Hillandale to White Oak/Tech Road BRT – July 17, 2022
- New Hampshire BRT Planning Study
- US 29 Mobility & Reliability Study

New Hampshire Avenue Flash Bus Rapid Transit Planning Study

- The New Hampshire Avenue Bus Rapid Transit (BRT) corridor was identified in the 2013 Countywide Transit Corridors Functional Master Plan. The BRT would serve areas such as Takoma Park, Langley Park, and the emerging mixed-use center at White Oak. This planning study will refine the Master Plan recommendation and determine station locations, BRT configuration and corridor termini.
- Master Plan Corridor recommendations, from north to south:
 - From Colesville park-and-ride to Lockwood Drive, BRT will operate in general traffic lanes.
 - From Lockwood Drive to the District line, BRT will operate in dedicated lane(s).

US 29 Mobility & Reliability Study

- The US 29 Mobility and Reliability Study will identify improvements on US 29 to complement the investment in US 29 Flash and improve overall corridor travel time and reliability performance for all users. In addition, the study will develop recommendations to address pedestrian and bicycle access and safety for the stations between the Silver Spring Transit Center and Tech Road.
